

North Halifax Grammar School: A Level Results 2024

Congratulations to our Year 13 students at. Fifty six percent of students achieved A* to B grades in academic A Levels, with 17 students achieving all A* and A grades.

Most will now take up their place at university including Oxford, Cambridge and Russell Group universities, while others will begin apprenticeships with prestigious firms such as Mazars, an international audit tax and advisory firm. Students have chosen to explore a wide range of courses: Classics, Computer Science, Digital Animation, Medicine, Anatomy, Aerospace Engineering, Psychology, Law, English Literature and Neuroscience to name but a few. One of our students will be taking up a rare scholarship at the distinguished Berklee College of Music in Boston Massachusetts where he will major in jazz composition.

Through some turbulent years of schooling they have shown the character and confidence to continue to forge their own courses and we are very proud of them. This would not have been possible without all the hard work and commitment of their teachers and school associate staff who have supported them along the journey and thanks go to them and to the parents, friends and members of the wider community who have also played a role in their development. Congratulations to all students receiving results across the country as you begin the next exciting chapter of your lives.

Desmond Deehan
Headteacher
